MEMORANDUM

Date: July 17, 1967

To: The Executive Committee

Reference:

From: The President

Subject: Rodino Bill

21 JUL 1967

Enclosed are the answers to the questions concerning the Rodino Bill contained in Congressman Feighan's letter to us of May 31. In addition to this information but not enclosed, we have prepared individual biographical sheets for each re-entry permit holder which individually answer questions 2 through 8.

It was our original plan to have Rodney Smith testify but because of the death of his wife this is now unlikely and I will testify.

The answer to question #11 would be privately given to the chairman.

In addition to these answers we have background material on the Committee members, statistical information on RFE personnel and job descriptions.

I would appreciate your comments or any advice you may have.
